

SOFT LAUNCH · STAFF ACCESS

The network is going live.

TelcoVantage ERP — one system for vendors, purchase orders, invoices, clients, and projects — is switching on for a first wave of staff.

● Ed. 1.0

erp.telcovantage.com →

WHAT'S LIVE IN THIS RELEASE

Nine modules, one dashboard.

Everything a first-wave user needs — vendors to reports — behind one sign-in, shown by role.

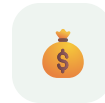

Vendors

14-point accreditation & contracts

Procurement

Draft, approve & issue POs

Finance

Invoices, payments & AP aging

CRM

Client POs & invoices

Projects

Customer, vendor & contract in one place

HR

Directory & 201 file vault

Assets

Registry & maintenance logs

Documents

Company, vendor & customer vaults

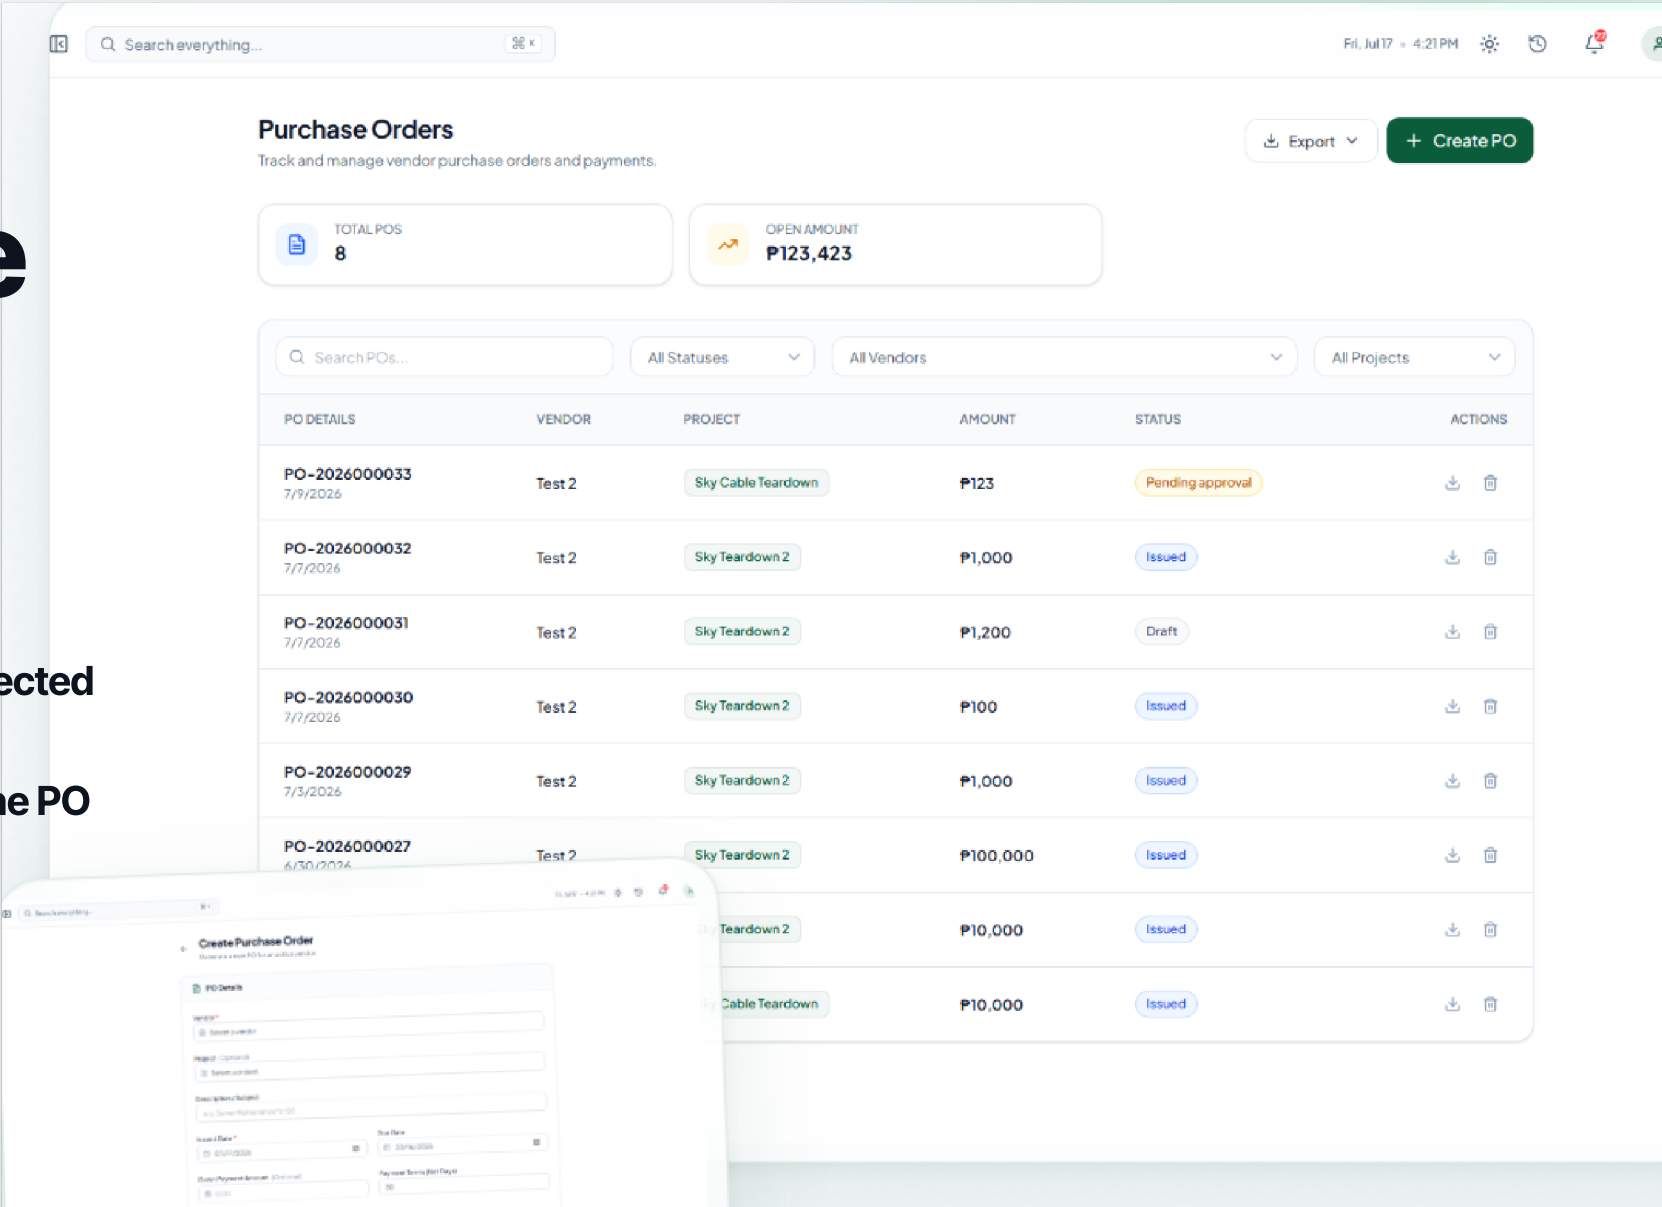

Reports

Four PDF reports on demand

PROCUREMENT

Draft, approve
& issue POs.

- 01 Approval status is visible
- 02 Vendor, project & terms stay connected
- 03 Documents and history live with the PO

Service Invoices

Record and manage vendor billings and payment statuses.

+ Record Invoice

FINANCE

GETTING IN

Two ways in.

Sign in with your TVPH email. What you can do inside depends on the role you're given.

OPTION A

Email & password

Sign in with your TVPH email. New hires set a password on first login.

OPTION B

Microsoft sign-in

One click. New accounts start as Viewer until an admin sets your role.

A NOTE ON THIS RELEASE

Built around your role.

01

Role-based by design

What you see depends on your role — the app hides what you're not permitted to use.

02

A guide for every screen

The full user guide, Edition 1.0, covers every screen task by task.

03

Your feedback shapes v2

Spot something off? Flag it — early feedback shapes the next round.

This is a soft launch — start with the workflow you already know.

THE ERP IS LIVE

Sign in and look around.

Bring vendors, POs, invoices, clients, and projects into one visible,
controlled system.
